

Dear Residents and Families

As of the week of August 24<sup>th</sup> we have zero staff and resident cases of Covid-19. We are grateful to say that it has been over 100 days since our last case. Harrogate continues to test its staff on a weekly basis.

We will continue to update you on any changes to Harrogate's operating status and any changes to state or federal guidelines. The New Jersey Department of Health has recently released new guidelines that create distinct phases of reopening our Health Center. We are still working with local officials to digest this new information and create a plan that will satisfy all requirements needed before phased re-opening. In the meantime, we will continue to provide outdoor visitation as part of previous guidelines created by the New Jersey Department of Health. We also still welcome window visits and FaceTime calls for your loved ones at any time.

Thank you so much for all your support and understanding during these difficult times. Harrogate hopes to see you soon in person. If you have any questions or concerns please reach out to Connor Marshall at [cmarshall@hgate.org](mailto:cmarshall@hgate.org).

Charles Benjamin

Executive Director
